

# Proposed Kindergarten Session Times 2025

**South Gippsland**  
Shire Council

All groups and sessions listed below are proposed and subject to change. Every effort has been made by kindergarten providers to offer the sessions listed below, but changes may be required due to demand for kindergarten places or to ensure staffing ratios are met. If your preferred group or session has been changed, you will be notified by the kindergarten service and given the option to re-select your preferences prior to offers being made.

All sessions listed below (by town in alphabetical order) are free kindergarten sessions. If the provider offers before and after kinder care, this is at an additional cost and needs to be discussed directly with the provider. South Gippsland Shire Council does not take any bookings for before and after kinder care.

Brown Street Children Centre and Chairo Christian School also offer kindergarten programs in Leongatha, but do not participate in the Central Registration System through Council. Please contact these services directly for more information about their sessions.
