South Gippsland Shire Council News

We want to hear from you!

South Gippsland Shire Council wants to hear your thoughts on the Draft Waste and Resource Recovery Plan.

As our region continues to grow and evolve, the effective management of waste becomes increasingly critical in order to preserve our environment and quality of life. Therefore, it is important Council plans the provision of waste services not just for the present but also for the foreseeable future.

The Draft Waste and Resource Recovery Plan incorporates the Victorian Government's policy reforms around waste and recycling, including the compulsory introduction of new standardised service provision including a weekly food and organics collection service (FOGO), fortnightly

recycling collection, and the separate collection of glass for recycling.

There has been a growing recognition of the need to shift towards more sustainable practices when managing waste and this Draft Plan not only responds to environmental concerns but also to changing regulatory frameworks and community expectations.

Feedback on the Draft Waste and Recovery Plan is now open until Sunday 7 July.

To read the plan and provide your feedback, please visit:
