Help Shape South Gippsland

We want to hear your thoughts to help shape the future of South Gippsland.

Shaping South Gippsland is a large community engagement conducted by Council to help inform the development of key plans for South Gippsland.

The engagement will check whether the priorities outlined in the 2024 Community Vision still meets our community's aspirations for the future of our region. It will also provide an opportunity to contribute feedback toward the next Council Plan which will drive Council direction and initiatives over the next four years.

You can engage with council in-person and online. There will be pop-up events happening in a number of towns and you can also visit the Shaping South Gippsland website and tell us your thoughts.

Councillors will also be attending several meetings with stakeholders such as Youth Council and the Access and Inclusion Committee. The broad engagement aims to ensure a cross section of voices are heard from across the South Gippsland community.
