To whom in my concern,

As the owners of 260 Timmins and Lesters road, 631 Mardan road, 570 Mardan Road and 70 Harrisons Road we are required to cross livestock over the Mardan Road reguarly on a very dangerous corner. If we were able to purchase the parcel of land known as 630 Mardan Road, it would allow us to be in a position to provide a practical solution to combine our properties via an underpass. This would make livestock movement subsequently simpler and safer including public safety as vehicles are often over speeding coming down the hill which is a long straight approaching the dangerous corner where we currently have to cross our stock.

Yours truly

Warren Lester
