REPORT

At briefing sessions on 20 April 2022 and 20 July 2020, Councillors reviewed and discussed the *Councillor Self-Assessment Policy* and the draft *Councillor Development Policy*. The general premise of the discussion centred around a desire to have a policy focused on development and continuous improvement.

The proposed *Councillor Development Policy* places emphasis on the requirement for continued development and reflection of the Councillors' team culture in line with the Councillor Code of Conduct and Charter. It further seeks to place emphasis on the benefit of group and individual development, along with an identified component for development opportunities for the Mayor.

The proposed *Councillor Development Policy* works in conjunction with the *Councillor Support and Expenditure Policy (C51)* by connecting the levels of resourcing and approvals. In particular clause 4.36 which reads:

"4.36. Payment and re-imburement of course, conference and program fees incurred in undertaking training and development activities to acquire new, or to enhance existing skills required to assist a Councillor in performing their role as a Councillor, or to achieve wider Council goals. Any learning opportunities identified are to be approved by the CEO. Where appropriate, Councillors are encouraged to report the outcome of the activity to Council immediately upon completion of the activity."

Due to the shift in focus from self-assessment, to development and continuous improvement, it is proposed that the *Councillor Self-Assessment Policy (C84)* is revoked and that Council adopts the *Councillor Development Policy (C87)*.

CONSULTATION/COMMUNITY ENAGEMENT

No community consultation was required.

3. OBJECTIVE - SUSTAINABLE GROWTH

3.1. SOCIAL AND AFFORDABLE HOUSING STRATEGY 2022

Directorate:	Economy and Community
Department:	Economy Community and Investment

Council Plan

Objective - Sustainable Growth

Developing a strategic approach to social and affordable housing and advocacy for resourcing this sector supports Council's role in planning for and responding to health and wellbeing of the community. This is in line with Council's legislated role under the Public Health and Wellbeing Act 2008.

A 2022/23 Major Initiative is to complete actions from the Social and Affordable Housing Strategy to increase State and Federal Government support to service agencies.

EXECUTIVE SUMMARY

The purpose of this report is to present Council with the final *Social and Affordable Housing Strategy 2022* (Strategy) (**Attachment [3.1.1]**). for consideration and determination.

The Strategy has been developed to support Council to facilitate social and affordable housing outcomes in South Gippsland, and set out principles, and the role of Council.

RECOMMENDATION

That Council:

1. **Adopts the Social and Affordable Housing Strategy (Attachment [3.1.1]); and**
2. **Publishes the Social and Affordable Housing Strategy on Council's website.**

REPORT

Council approved the development of a *Social and Affordable Housing Strategy* at its 8 December 2020 Council Meeting with consultants Hornsby and Co. appointed in May 2021. The Draft Strategy was endorsed for community

consultation at Council's May Council Meeting from Thursday 19 May to Friday 10 June 2022.

The development of a Strategy supports Council's role in planning for, and responding to the health and wellbeing of the community. This is consistent with the objectives in the Council Plan 2022-26 and our role under the *Public Health and Wellbeing Act 2008* and *Local Government Act 2020*.

The Strategy sets out overarching principles for affordable housing in South Gippsland with three key areas identified that reflect the role Council may consider. These include:

- Advocacy, engagement and partnerships;
- Land use planning; and
- Incentive and opportunities.

For each of these roles the Strategy sets out objectives and key opportunities for activation with more detailed actions and tasks in a separate action plan.

It is intended that the Strategy will be used by Council, the housing sector, support services, and the community to support advocacy and actions in relation to affordable housing.

Current Challenges

The Strategy identifies that the South Gippsland community faces significant challenges in addressing affordable housing and housing availability now, and into the future.

The population is growing, the municipality does not contain a regional city centre to support affordable housing growth, and the increasing cost of housing in South Gippsland is making it more and more difficult to find long term accommodation.

There is a recognised housing crisis in Australia with Victoria having the lowest rate of social housing of any State. The lack of availability of worker accommodation is also identified as a key issue.

The dispersed nature of South Gippsland communities, and the State Government policy settings that encourage investment in social and affordable housing in metropolitan or regional cities mean there is significant underinvestment in social housing in South Gippsland.

The Strategy finds that without change, the growing demand for housing in South Gippsland to meet the needs of people who are struggling to participate in the private housing market will only continue to increase.

Council understands that these challenges require support from all levels of government. Council is committed to working with all communities across South Gippsland to support them with their unique social and affordable housing challenges, opportunities and projects.

Identified Needs

Investigations into developing the Strategy identify the need for:

- Affordable housing – including emergency, transitional and social housing;
- Support services to help people access and sustain housing; and
- Local housing for local people.

Our current and future community want a great place to live, work and play and this will mean that affordable housing will be:

- Located in townships so that residents have good access to services;
- Well-designed to provide comfortable homes with good amenity for the residents and neighbours; and
- Part of vibrant and cohesive communities connected to a range of support services.

CONSULTATION / COMMUNITY ENGAGEMENT

Engagement with stakeholders and the collection of first-person stories contributed to the development of a background and technical reports.

The stakeholder engagement process identified housing needs and service needs within South Gippsland. Feedback identified the people at greatest risk of homelessness and most challenged to access affordable housing in South Gippsland.

First person stories added insight into the impacts of insufficient housing. Case studies and interviews with key community groups and organisations contribute to a greater understanding of opportunities for possible increase in affordable housing in South Gippsland.

Further community feedback on the Draft Strategy was obtained following the community consultation period from Thursday, 19 May to Friday, 10 June 2022.

Submissions were invited via survey, written submission or verbal submission over the phone or in person. The Draft Strategy, along with a fact sheet and link to a survey were made available on Council's Your Say Page.

Summary of Submissions and Actions

A total of 16 submissions were received from residents and organisations in Korumburra, Korumburra South, Foster, Sandy Point, Tarwin Lower and Venus Bay.

Submissions responded to all themes of the Draft Strategy: Advocacy, Engagement and Partnerships, Land Use Planning, Incentives and Opportunities and some detailed responses to elements of the action plan.

The majority of submissions were in support for the Draft Strategy with one submitter questioning the need for the Draft Strategy and whether local government should have a leading role in social and affordable housing.

Key support areas:

- local housing for local people;
- transport between towns and to services;
- allocation of land to social and affordable housing;
- tailoring housing to specific needs of local resident cohorts; and
- the action plan but with additional detail recommended.

Concern was raised on the lack of affordable rental properties available for local people on low incomes and the retention of community members and workforce in smaller towns businesses.

An analysis of submissions concludes there are no significant further changes required to the Strategy. To address recommendations for more detail in the action plan, following endorsement, a detailed action plan with timelines and targets will be developed.

The detailed action plan will include development of a stakeholder reference group with community representation; an audit of land and funding support for affordable housing; and a forum to commence the actions within the Strategy.

This action plan will become an appendix to the final Strategy for review annually.

RESOURCES / FINANCIAL VIABILITY

Victoria's Big Housing Build is a four-year State Government strategy to invest in social, community and public housing, announced in November 2020. Some rural and regional councils were allocated a minimum investment guarantee under the scheme however South Gippsland Shire Council was not.

A Social and Affordable Housing Strategy will support Council in advocating for investment and increased services within the Shire through *Victoria's Big Housing Build*.

RISKS

If a Social and Affordable Housing Strategy is not endorsed, opportunities to further support to address social and affordable housing may be delayed and/or reduced.

Also, investment opportunities for social and affordable housing may not be prioritised by Housing Victoria. The status quo would remain with limited housing and significant disadvantage for vulnerable people in South Gippsland. Opportunities for a significant economic stimulus through funded housing construction may be delayed or missed.

3.2. PLANNING APPLICATION 2021/391 - 9 WANKE ROAD, MIRBOO NORTH - DEVELOP LAND WITH DWELLING AND SHED

Directorate:	Economy and Community
Department:	Planning and Building Services

Council Plan

Objective - Sustainable Growth

The application meets the objectives of the Council plan by infilling an existing vacant block in the Rural Residential Zone on the township fringe of Mirboo North within the township settlement boundary.

EXECUTIVE SUMMARY

The purpose of this report is for Council to consider and determine this planning application, which seeks approval to construct a dwelling and ancillary outbuilding at 9 Wanke Road, Mirboo North.

The application is being presented to Council for a decision, as twenty-eight (28) objections have been received to the proposal. The key issues/themes raised by the objectors relate to the way in which the building is intended to be occupied.

Having considered the application against the relevant provisions of the South Gippsland Planning Scheme, and having considered the matters under s.60 of the *Planning and Environment Act 1987*, this assessment finds that the application is consistent with the relevant policy objectives and the proposal should be supported by issuing a Notice of Decision to grant a permit, subject to appropriate conditions

RECOMMENDATION

That Council issues a notice of decision to grant a permit for the development of the land with a dwelling and ancillary outbuilding, in accordance with the endorsed plans, subject to the following conditions and notes:

- 1. Before the development starts, amended plans to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. When approved, the plans will be endorsed and will then form part of the permit. The plans must be drawn to scale with dimensions and must be generally in accordance with the plans submitted with the application but modified to show:**

- a. **An amended site plan that clearly shows the vegetation to be removed to create defensible space. The vegetation to be removed must be in accordance with the Bushfire Management Plan prepared by Euca Planning Version 1.0 dated 28/09/2021, and must represent the minimum amount required to comply with defensible space requirements.**
2. **The building, works and layout as shown on the endorsed plan(s) must not be altered or modified except with the written consent of the Responsible Authority.**
3. **The bushfire protection measures forming part of this permit or shown on the endorsed plans, including those relating to construction standards, defensible space, water supply and access, must be maintained to the satisfaction of the responsible authority on a continuing basis. This condition continues to have force and effect after the development authorised by this permit has been completed.**

CFA

4. **Before the development starts, the Bushfire Management Plan prepared by Euca Planning Version 1.0 dated 28/09/2021 must be endorsed by the Responsible Authority. Once endorsed the plan must not be altered unless agreed to in writing by CFA and the Responsible Authority.**
5. **Once the development has started it must be continued and completed in a timely manner to the satisfaction of the Responsible Authority.**
6. **Downpipe water from the dwelling and outbuilding must be suitably directed into water tank(s), soakwell(s), or otherwise discharged, so as not to cause erosion to the subject or surrounding land, to the satisfaction of the Responsible Authority. The external finishes and materials of water tank(s) (if required) must be colour treated in muted low-reflective tones.**
7. **Care must be taken to ensure that the construction of the dwelling and ancillary works, and their ongoing use, does not cause erosion or degradation to the subject or surrounding land to the satisfaction of the Responsible Authority.**
8. **Building construction must be carried out in accordance with *Construction Techniques for Sediment Pollution Control* (EPA May 1991) and *Control of Erosion on Construction Sites* (Soil Conservation Authority) to the satisfaction of the Responsible Authority.**

9. All works must be undertaken in a manner that minimises soil erosion, and any exposed areas of soil must be stabilised to prevent soil erosion, to the satisfaction of the Responsible Authority.

Wastewater

10. The on-site wastewater system must be sized to address the approved Dwelling Usage to the satisfaction of the Responsible Authority.
11. All wastewater from the dwelling must be treated and retained within the boundaries of the lot in accordance with the State Environment Protection Policy (Waters of Victoria) under the *Environment Protection Act 2017*.
12. This permit will expire if either of the following applies:
- a. The development is not started within two (2) years of the date of this permit.
 - b. The development is not completed within four (4) years of the date of this permit.

The Responsible Authority may extend the periods referred to in accordance with Section 69 of the *Planning and Environment Act 1987*, if a request is made in writing.

REPORT

Background

The subject site is generally regular in shape, 1.52 hectares in size and is located on the northern side of Wanke Road in Mirboo North.

The land is currently vacant, with an existing shed located on the site. It is extensively vegetated with native vegetation covering the northern two-thirds of land. It is proposed to locate the dwelling and outbuilding within the cleared section of the land towards the front of the site.

The land is located approximately 1.1km north west of the Mirboo North CBD in an area where land zoning is varied.

The land immediately surrounding the subject land is described as follows:

- North: 31 Wells Road Mirboo North, a large 4.22 parcel of Rural Living Zoned land developed with a single dwelling, ancillary outbuilding and landscaped gardens. The land contains a large body of water which is fed

by the Little Morwell River which is located to the east of the site. the land is densely vegetated.

- East: 7 Wanke Road Mirboo North- a similar sized Rural Living allotment developed with a single dwelling and ancillary outbuilding. The land is densely vegetated.
- South: Wanke Road, and beyond that, 46 and 36-42 Wanke Road, Low Density Residential zoned allotments each developed with a single dwelling and large ancillary outbuilding.
- West: 66 Grand Ridge West Mirboo North: a large parcel of IN1Z land across two titles. The large portion of the land is vacant, with the smaller land title developed with a dwelling and building used as an electrician's workshop.

The Proposal

The application seeks approval to construct a dwelling and ancillary outbuilding at 9 Wanke Road Mirboo North. The dwelling incorporates a separate pod to the eastern side comprising four bedrooms, each with an ensuite bathroom and walk-in robe. The two components of the dwelling are connected via decking that extends along the length of the eastern part of the dwelling.

In terms of Planning controls, the subject land is located within the Rural Living Zone (RLZ) and is covered by the Environmental Significance Overlay – Schedule 5 (ESO5) (areas susceptible to erosion) and the Bushfire Management Overlay (BMO). The land is located within a designated Bushfire Prone Area under the *Building Act 1993*.

The requirement for a planning permit in this case is triggered by:

1. Bushfire Management Overlay (BMO): requires planning permission to construct a building associated with accommodation; and
2. ESO Schedule 5: requires planning permission to construct a building with the total resultant floor area exceeding 200m².

There is no permit trigger under the Zone to use the land for a dwelling, since this location meets the Section 1 (not permit required) criteria for a Dwelling in the land use table at Clause 35.03-1.

The dwelling is to be set back 13.1 metres from the eastern property boundary and 18 metres from the southern property boundary. It is to have a maximum length of 20.2 metres, a maximum width of 32.27 metres, with a total floor

area of 412.05m². It will be constructed of Colorbond materials, *Dark Grey* in colour for the walls and the roofing, with naturally stained timber decking.

The outbuilding has a total length of 24 metres, a width of 9 metres, a total height of 5.2 metres with a floor area of 216m². It comprises four internal bays, each 6 metres in width, three of which will be accessed via roller with the fourth bay will be accessed via a PA door all of which are located on the eastern elevation.

The outbuilding is to be setback 14.01 metres from the eastern property boundary and 3.1 metres from the existing shed on site. it will be constructed of Colorbond materials, *Dark Grey* in colour.

A copy of the plans submitted for assessment have been provided at **Attachment [3.2.1]**.

Assessment

A detailed assessment of the application against relevant sections of the *Planning and Environment Act 1987* and the relevant matters of the South Gippsland Planning Scheme are discussed in **Attachment [3.2.2]** - Delegate's Report.

The primary issues relating to the relevant permit triggers and decision guidelines for this application are:

- Whether the development is appropriate given the risk of fire threat and if the bushfire risks to life and property can be mitigated through an appropriate endorsed Bushfire Management Plan;
- Whether the proposal's design and location of the buildings is sited in appropriate location minimising any adverse impacts regarding erosion or landslip; and
- The location of on-site effluent disposal areas and impact to the environment, waterways and natural environment.

It is considered that the proposal is consistent with the relevant Planning Policy Framework objectives and strategies, the objectives and decision guidelines of the BMO and the ESO5 and the decision guidelines of Clause 65, subject to the inclusion of appropriate conditions to minimise any off-site impacts.

CONSULTATION / COMMUNITY ENGAGEMENT

The application was advertised to adjoining and adjacent property owners and occupiers. As a result, twenty-eight (28) objections have been received to the

application. Most of the concerns related to the use of the land, which is not a permit trigger in this instance as detailed previously in this report.

A summary of the concerns raised and an Officer response to these concerns has been included in the Delegates report that is provided as **Attachment [3.2.2]** to this report.

Referrals

The application has been referred internally to Council's Environmental Health Officers, and externally to the CFA. Both have consented to the proposal, subject to conditions which will be included on any permit that may be issued. A copy of proposed permit conditions has been provided at **Attachment [3.2.3]**. In terms of bushfire and erosion, the vegetation removal has been limited to the minimum extent permissible to create the necessary defensible space around the new dwelling, noting that vegetation removal to create defensible space is exempt from requiring a permit. The siting of the dwelling in the most cleared part of the land (towards the front of the lot) achieves an appropriate balance between retaining vegetation on the property, whilst achieving the necessary separation to that vegetation in order to meet CFA's defensible space requirements.

Options

Pursuant to s.61 of the *Planning and Environment Act 1987*, Council may determine to:

1. Grant a Notice of Decision to Grant a Planning Permit subject to conditions;

or,

3. Refuse to grant a Planning Permit for 9 Wanke Road, Mirboo North.

RESOURCES / FINANCIAL VIABILITY

Should Council issue a Notice of Decision to Grant a Planning Permit for the proposal, any objector may elect to appeal to the Victorian Civil and Administrative Tribunal (VCAT) to review Council's decision. Should Council determine to refuse to grant a permit for the proposal, the permit applicant may elect to appeal to the VCAT to review Council's decision.

There is a human resource cost to Council to attend VCAT Hearings.

RISKS

Should Council fail to decide on this application at this meeting, there is a risk that the applicant may appeal to VCAT against Council's failure to determine

the application within statutory timeframes. Such an appeal affects Council's reputation and opens Council to a potential costs claim for its failure to determine

3.3. COMPULSORY ACQUISITION - JUPITER BOULEVARD VENUS BAY (VENUS BAY TOURISM PRECINCT PLAN)

Directorate:	Sustainable Infrastructure
Department:	Infrastructure Planning

Council Plan

Objective - Connecting our People and Places

By endorsing this report and completing the land acquisition will enable the improvement of services related to footpaths, road maintenance, safety, and tourism.

EXECUTIVE SUMMARY

The purpose of this report is for Council to consider undertaking a compulsory land acquisition process in accordance with the *Land Acquisition and Compensation Act 1986* to acquire parcels of land from several properties in Venus Bay as shown in Plan A, B, C and D to enable key works as agreed in the Venus Bay Tourism Precinct Plan.

RECOMMENDATION

That Council:

1. Pursuant to the Local Government Act 2020, Land Acquisition and Compensation Act 1986, and Land Acquisition and Compensation Regulations 2010, undertake the process to compulsorily acquire the following parcels of land and as shown in plans A, B, C, and D (Confidential Attachments [10.1.1] to [10.1.4]):
 - a. Plan A – Road (R-1) 46.1m² part of Lot 2 PS 908443D;
 - b. Plan B – Road (R-1) 0.2m² part of Lot 2 PS 908446W;
 - c. Plan C – Road (R-1) 72.4m² part of Lot 1 PS 908444B; and
 - d. Plan D – Road (R-1) 83m² part of Common Property No.1 PS 526435F.

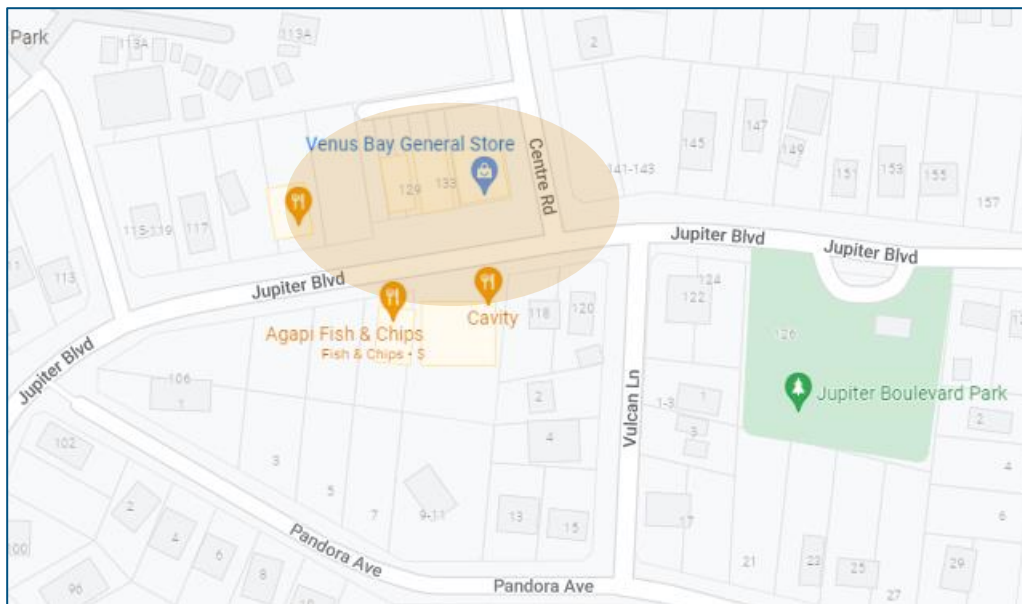

REPORT

On 26 June 2021, Council adopted the *Venus Bay Tourism Precinct Plan* which included recommendations to improve public open space, parking, and road

safety conditions, including safe pedestrian access between Jupiter Park and No.1 Surf Beach, the commercial centre to the community centre, and across Jupiter Boulevard.

To enable these improvements, Council will need to undertake a compulsory land acquisition process in accordance with the Land Acquisition and Compensation Act 1986 to acquire parcels of land from several properties in Venus Bay to enable key works as agreed in the *Venus Bay Tourism Precinct Plan*. The location of these parcels to be compulsorily acquired is shaded orange in **Figure 1** below.

Figure 1: Location of Parcels to be Acquired

Each parcel of land to be acquired are shown in Plans A, B, C, and D in **Figures 2-5** below and full size A3 plans are available in **Attachments [3.3.1] to [3.3.4]**. **Figure 2: Plan A – Road (R-1) 46.1m² part of Lot 2 PS 908443D**

Figure 3: Plan B – Road (R-1) .2m2 part of Lot 2 PS 908446W

Figure 4: Plan C – Road (R-1) 72.4m² part of Lot 1 PS 908444B

Figure 5: Plan D – Road (R-1) 83m² part of Common Property No.1 PS 526435F

It is proposed that a compulsory land acquisition process be carried out under the 10 per cent rule provided for in accordance with regulation 6 of the *Land Acquisition and Compensation Regulations 1986*. This rule allows the compulsory acquisition of land provided that each parcel to be acquired is less than 10 per cent of the allotment size and value. The proposed acquisitions for these allotments comply with this rule.

NEXT STEPS

Council's lawyers will undertake the legal work involved in the compulsory acquisition process and represent Council in these dealings. An overview of the Land Acquisition and Compensation Act is provided in **Attachment [3.3.5]**.

The first steps by Council's lawyers will be to serve a notice in a prescribe form to affected parties explaining their rights and the process.

It is proposed that construction works associated with the project will be tendered during the September/December quarter with a view to commence works during February 2023. The timing of the works considers busy school holiday and long weekend periods but also allows the works to be undertaken while weather conditions suit.

CONSULTATION / COMMUNITY ENGAGEMENT

Considerable community engagement was undertaken in the development and subsequent adoption of the *Venus Bay Tourism Precinct Plan*. Council staff have consulted with the affected landowners outlining the proposal and compulsory acquisition process.

Council's *Community Engagement Policy (C06)* and Chief Executive Officer Guidelines restricts further community engagement to:

- a. *fulfilling the statutory requirements of section 112(2) of the Local Government Act 2020 and Land Acquisition and Compensation Act 1986; and*
- b. *a community engagement process does not apply in circumstances relating to the proposed acquisition of land that, or there is likely to be, the consideration of confidential information in a closed session of Council in accordance with section 66(2)(a) and (b) of the Local Government Act 2020; and the Chief Executive Officer designating it as an agenda item as confidential information, being information that would prejudice the Council's position in commercial negotiations including if prematurely released by a community engagement process.*

The community and in particular the shopkeepers will be advised of the pending street works upon award of the works contract. It's at that time the program of works will become fully known.

RESOURCES / FINANCIAL VIABILITY

Funding of the works and the cost of possible compensation payments and legal fees is included in the Capital Works Program for 2022/23.

RISKS

The risks to Council are mitigated as Council's lawyers will be instructed to undertake the legal work involved in the compulsory acquisition process and represent Council in these dealings.

If the compulsory acquisitions do not proceed, the agreed improvements in the *Venus Bay Tourism Precinct Plan* cannot be made.

STAFF DISCLOSURE

All officers involved in the preparation of this report have considered and determined that they do not have a conflict of interest in the matter.

6. URGENT OR OTHER BUSINESS

There are two basic parts to this section of the Agenda:

1. Urgent Business

Normally no motion should be debated by Councillors unless the matter is already included as an item on the Agenda. However, in some circumstances it is possible to raise urgent motions.

Council's Governance Rules 2020 (clause 22 - Urgent Business) adopted on 26 August 2020, allows for where a situation has not been provided for under the Governance Rules, the Council may determine the matter by resolution. Established practice has provided for urgent motions to be raised at Council provided the matter cannot be dealt with at the next Council Meeting or by Officers under delegation.

It is necessary for the Councillor wishing to raise a matter of urgent business to raise a motion similar to the following:

'That consideration of (the issue) be dealt with as a matter of urgent business and Councillor....be allowed a 'short period' to indicate the reason(s) why the matter should be considered as a matter of urgent business.' If the Chairperson accepts the motion as meeting the urgent business criteria, normal meeting procedures in Council's Governance Rules 2020 (clause 22) will apply.

If the motion to accept the item as a matter of urgent business is passed by Council, the motion relating to the specific issue can then be put and debated in the normal way.

2. Other Business

This provides an opportunity for Councillors to raise items of general interest to the Council and the community. It may relate to an up and coming event or the outcomes of a recent meeting with a Minister etc.

7. PUBLIC QUESTIONS

7.1. PETITIONS AND JOINT LETTERS

Petitions and Joint Letters are written requests that have been signed by a number of community members. According to the *Governance Rules (C82)*, *clause 57*, members of the community may submit a valid petition or joint letter to a Councillor or to Council addressed to the Chief Executive Officer.

At the Meeting a petition or joint letter is presented, Council will consider a motion to receive it, the matter itself will not be considered unless determined as urgent business.

The Councillor presenting the petition or joint letter is responsible for ensuring that they are familiar with the contents and purpose of the petition or joint letter and that it does not contain language disrespectful to Council.

The requirements of the lead petitioner are detailed in the *Governance Rules (C82)*, *clause 57*.

7.2. ANSWERS TO PREVIOUS QUESTIONS ON NOTICE

Answers to previous questions taken on notice at a former Council Meeting, are included in the Minutes of this Meeting.

Background material submitted with a question will not be recorded in the Council Meeting Minutes.

A submitter will receive a letter outlining the response to a question after the Minutes have been produced.

7.3. SUBMITTED PUBLIC QUESTIONS

All community member questions for Council Meetings are to be written and submitted to the Governance Team by 9.00am on the Monday morning preceding the Council Meeting to allow time for a response to be prepared, where possible, for the Council Meeting. All reasonable attempts will be made to answer pre-submitted questions at the Meeting. When further time is required to prepare an answer, questions may be taken on notice and responses will be provided at the next Council Meeting.

On the day of the Meeting, questions on the prescribed form must be received prior to the commencement of the Council Meeting by 2.00pm and placed in the receptacle at the Governance Officers table. These questions will be taken on notice, included in the Minutes and responses provided at the next Council Meeting.

Public Question Time in Council Meetings is to be used for matters that are relevant to the business or functions of Council and are clear and legible. Questions may not be allowed where the question(s) is deemed to be:

- Related to a matter beyond or outside the powers of Council;
- Trivial or frivolous;
- Defamatory, indecent, abusive or objectionable;
- Derogatory or designed to embarrass a Councillor, a member of Council staff or a member of the community;
- Related to subject matter previously received and responded to;
- Related to a matter already considered and resolved upon by Council;
- Breach Council's confidentiality obligations; and/or
- Illegible, vague or not make sense.

A person may submit a maximum of three (3) questions for any one Council Meeting, this includes a combined total of three (3) questions for related parties or groups. The total word count of all questions submitted is to be 100 words or fewer.

Background material submitted with a question will not be read out or recorded in the Council Meeting Minutes.

The CEO retains the discretion, in consultation with the Mayor, to not refer questions to Council meetings if there is a more effective or appropriate way to respond to the matters raised. Answers to questions from a member of the community who is present in the gallery will be read out at the Council Meeting by the CEO or Mayor.
