Council developed the South Gippsland Economic Development Strategy (the Strategy) in consultation with the Economic Development Strategy Advisory Group (the Group).

The Group members included highly skilled and knowledgeable experts who provided key strategic advice and expertise in the Strategy’s development.

The Strategy is action oriented, however also designed to be flexible to allow Council to respond to current and future demands and opportunities for South Gippsland. Council developed the South Gippsland Visitor Economy Strategy (the Strategy) in consultation with the Visitor Economy Strategy Advisory Group (the Group).

The Group's members included highly skilled and knowledgeable experts who provided key strategic advice and expertise in the Strategy's development.

The Strategy is action oriented but designed to be flexible to allow Council to respond to current and future demands and opportunities for South Gippsland. This was evident with the need for Council to respond to the impacts caused by the COVID-19 pandemic and provide additional support to businesses through the COVID-19 Community Support Program and implement actions from the State Government's Outdoor Dining and Outdoor Activation Grants.

The South Gippsland Visitor Economy Strategy was adopted by Council on 21 July 2021.

Great Southern Rail Trail (GSRT) Visitor Experience and Marketing Plan

Council developed the Great Southern Rail Trail (GSRT) Visitor Experience and Marketing Plan (the Plan) with significant community and stakeholder engagement.

The objective of the Plan is to support the visitor economy to make South Gippsland a year-round destination. The GSRT aims to drive visitation across all villages and towns by leveraging the trail as a key visitor experience, with year-round brand marketing.

The development of the Plan was both a Council Plan initiative and action identified in the Visitor Economy Strategy.

The Plan is focused on informing projects and activities over a nine-year period from 2022-2031 to align to the Visitor Economy Strategy period. However, the Plan will be treated as a living document that is flexible enough to adapt to an ever-changing visitor and marketing landscape.

The Great Southern Rail Trail (GSRT) Visitor Experience and Marketing Plan was adopted by Council on 29 June 2022.

At its Council Meeting in July 2022, Council resolved the following:

3.1. PROPOSED SALE 6A DAVIS COURT, LEONGATHA SOUTH AND REMOVAL OF RESERVE STATUS

Directorate:	Sustainable Infrastructure
Department:	Infrastructure Planning

Council Plan

Objective - Sustainable Growth

The sale proposes to consolidate the reserve into private ownership which will enhance the well-being and liveability of the current landowners. Council will also benefit as this will be a reduction in Council's maintenance responsibilities over the reserve.

EXECUTIVE SUMMARY

The purpose of this report is to propose the commencement of the statutory and community engagement process to sell part of 6A Davis Court, Leongatha to the adjoining landowner and if successful, removal of the reservation status.

Council has been contacted by the owner of 5 Ditchley Court, Leongatha requesting to purchase part of the reserve (shown in **Figure 1**) abutting their property.

RECOMMENDATION

That Council:

- 1. Commences statutory procedure in accordance with Section 114 of the Local Government Act 2020 to sell the reserve being 1125 square metres to the adjoining landowner (5 Ditchley Court Leongatha), for not less than a valuation obtained for the land which is made not more than six months prior to the sale to the adjoining landowners for consolidation. If the land is sold, the funds will be applied to Council's Open Space Reserve in accordance with Section 24A(8) of the Subdivision Act 1988;**
- 2. Gives public notice with respect to proposal on Council's website, Leongatha CFA, residents in Davis and Ditchley Courts and in local newspapers in the edition week commencing 21 August 2023 in accordance with CE84 Community Engagement for Property Proposals**

Policy (Guidelines) on the proposal (item 1) inviting written submissions to be received by 5pm Wednesday 20 September 2023;

- 3. If submissions are made to the public notice:**
 - a. Authorise the Chief Executive Officer to fix the time, date and place of the meeting for the hearing for persons who wish to be heard in support of their submissions;**
 - b. Receives a further report to consider submissions and determine the outcome at the next available Council meeting;**
- 4. If no submissions are received to the public notice, implement the proposal in Recommendations 1 and 3.**
- 5. Remove the reservation status in accordance with Section 24A of the Subdivision Act 1988.**

REPORT

At the 24 February 2016 Council Meeting, Council agreed to sell the land to the adjoining owner and remove the reservation status of part 6A Davis Court, Leongatha being the land described in certificate of title Volume 10235 Folio 892. At that time, there was initial interest from the adjoining landowners but both parties withdrew from a proposed sale.

Council's Property Team has been approached by the owner of 5 Ditchley Court, Leongatha to purchase a portion of the reserve. If Council were to sell the land, the reservation status would be required to be removed.

Figure 1 – Reserved Land (highlighted red)

Figures 2 and 3 – 6A Davis Court site photos

The reserve appears to be unused as a pedestrian link between Davis Court and Ditchley Court, Leongatha.

If the sale and removal of reserve is successful, the purchaser will be required to consolidate the land from the reserve with their abutting land.

CONSULTATION / COMMUNITY ENGAGEMENT

The community engagement process calls for public submissions on the proposal to sell the portion of land to the adjoining landowner at 5 Ditchley Court, Leongatha. The reserve in question is more suitably aligned to the property boundary of 5 Ditchley Court. It is proposed to notify the owners in the two courts regarding the proposed sale, as well as seek feedback from the CFA.

The new owner of 4 Ditchley Court has recently contacted Council Officers to register their interest in acquiring the land too.

RESOURCES / FINANCIAL VIABILITY

Staff have consulted an Independent Certified Practising Valuer to determine the market value of the land. The valuation has been included in **Confidential Attachment [13.1.1]**

The prospective purchaser/adjoining landowner has advised in writing of their acceptance of the sale price.

The valuation will expire six months after the date of valuation and a contract of sale must be entered into before expiry, otherwise a further valuation will need to be acquired. If the valuation increases, the prospective purchasers may not proceed.

The applicant will pay for the surveying for their consolidation of the reserve.

Council will pay for the removal of the reserve status via a planning permit but will receive the income from the sale of the land and allocate the proceeds to its Open Space Reserve.

RISKS

If Council, choose to sell part of the reserve the small reserve strip off Davis Court will remain, but the community engagement process may produce interest in the site.

4.5. SUBMISSION TO MUNICIPAL ASSOCIATION OF VICTORIA STATE COUNCIL

Directorate:	Performance and Innovation
Department:	Customer, Communication and Advocacy

Council Plan

Objective 1 - United Shire

Objective 2 - Economic Prosperity

The recommendation in this report addresses the Council Plan Objective 'United Shire' by presenting a Notice of Motion that would support and benefit the South Gippsland community.

EXECUTIVE SUMMARY

The purpose of this report is to seek Council's endorsement of a Notice of Motion for the Municipal Association of Victoria (MAV) State Council Meeting on Friday 13 October 2023. Each council in Victoria can lodge Notices of Motion (NOM) that have state-wide significance to local government, for MAV members to consider.

This report presents a single NOM for consideration. It aligns with the Sustainable Growth strategic objective outlined in *2022-26 Council Plan* and is supported by community feedback and the *Draft Coastal Strategy*.

RECOMMENDATION

That Council endorse a Notice of Motion to the Municipal Association of Victoria's (MAV) State Council that states:

That the Municipal Association of Victoria advocate to the Victorian Government to work in partnership with Local Government to fund and implement modifications to the Victorian Planning Provisions to amend, and strengthen, the Land Subject to Inundation Overlay. The amended Overlay will help to manage risk in coastal areas that are vulnerable to climate change impacts.

REPORT

Each year councils have an opportunity to put forward Notices of Motion relating to matters of strategic, and preferably state-wide significance, to local government for consideration at the MAV State Council meeting. Decisions of the MAV State Council constitute policy directions of the MAV and remain active until the issue is resolved.

The Motion, if supported by Council, would address the following MAV Strategic outcomes:

- Healthy, diverse and thriving communities
- Well-planned, connected and resilient built environment
- Changing climate and circular economy

Should these Motions be carried at the State Council Meeting, MAV will then make representations on behalf of Local Government to the State and Federal Governments as appropriate to advocate for these matters.

CONSULTATION / COMMUNITY ENGAGEMENT

The development of the proposed Motion was informed by community engagement that was undertaken during the development of the *Draft Coastal Strategy*.

Seven hundred and seventy people provided input into the draft Strategy.

RESOURCES / FINANCIAL VIABILITY

There are no resource implications to Council if this Notice of Motion is endorsed.

RISKS

If a Motion is not endorsed, Council will not be presenting any Motions at the October MAV State Council Meeting.

STAFF DISCLOSURE

5. OBJECTIVE - SUSTAINABLE GROWTH

5.1. CAPE TO CAPE RESILIENCE PROJECT - INVERLOCH REGIONAL AND STRATEGIC PARTNERSHIP

Directorate:	Economy and Community
Department:	Planning and Building Services

Council Plan

Objective - Sustainable Growth

Build resilience in our community and organisation to mitigate risk and damage caused by extreme weather events.

The Cape to Cape Resilience Plan accords with the Council Plan Objective in that it identifies areas susceptible to coastal climate change risk and identifies actions required to reduce and respond to these risks over an extended time period.

EXECUTIVE SUMMARY

The purpose of this report is to inform Councillors of the preparation of the draft Cape to Cape Resilience Plan June 2023 (Resilience Plan), and to seek endorsement of the draft document prior to it being presented to the Minister for Environment for formal endorsement ahead of the State-led community consultation.

The overarching aim of the RaSP is to understand the impacts of coastal climate change hazards (including rising sea levels) on the coastline and to identify responses to avoid or manage these impacts out to 2100.

The project has achieved a key milestone with the preparation of a draft Resilience Plan (refer to **Confidential Attachment [13.2.1]**) which sets out adaptation actions required to respond to the impacts of a changing climate and rising sea levels, as well as timelines outlining when these actions should occur. An implementation planning document (separate to the Resilience Plan) identifies which agencies will be responsible for and/or contribute to implementing the various actions. The draft Resilience Plan is a confidential document until it is approved by the State Government for community consultation. The purpose of this report is for Council to consider the draft Resilience Plan and endorse it for community consultation.

RECOMMENDATION

That Council:

1. **Supports the release of the draft 'Cape to Cape Resilience Plan' for the purpose of community engagement.**
2. **Receives a further report post community engagement on the themes and feedback received, and potential resources and financial implications for Council.**

REPORT

The Cape to Cape Resilience Project is being conducted by the State's first designated 'Regional and Strategic Partnership' (RaSP) as set out in the *Marine and Coastal Act 2018*. Coastal planning is complex and can involve many agencies, authorities, commercial interests and community stakeholders. The RaSP process seeks to bring together partner agencies with a shared interest in a regional issue relating to or affecting the marine and coastal environment.

The focus of the RaSP is coastal erosion and inundation, and more specifically, identifying the risk of these hazards and subsequent vulnerability of public assets, values and infrastructure. The project has undertaken extensive investigation of the potential for increasing inundation and erosion risk, with a timeline to the year 2100. The outputs of most of the work are public and can be viewed on the [Cape to Cape webpage](#). The mapping highlights the vulnerability of Tarwin Lower to flooding, and the potential for long term road access to Venus Bay to be significantly compromised, unless infrastructure is improved or adapted.

A component of the RaSP's outputs will be an Implementation Plan (refer to **Confidential Attachment [13.2.2]**) which identifies which agencies will fulfil the roles to address the various actions in the plan. The roles are identified as Lead, Active and Interest. The draft plan currently identifies Council as having a number of each of these roles for various actions. The Implementation Plan will form the basis for the ongoing implementation of the RaSP, and as an operational document will not be released as part of the Cape to Cape Resilience Plan. Importantly, the Implementation Plan notes that all actions will be subject to organisation budgets and priorities, which means that Council will retain discretion over its involvement in implementing RaSP actions.

It is the expectation of DEECA that Council will endorse the draft Resilience Plan for the purpose of community consultation. The consultation process will be coordinated by DEECA and run for 28 days. Submissions will be considered by DEECA and the Minister for Environment.

It has been an understanding of RaSP partner agencies from the project's commencement that they will formally adopt the final product and recommendations of the project, and use it to guide their responses to the identified risks. Council can consider formal adoption of the Cape to Cape Resilience Plan at a future date following consideration of the feedback received from the community consultation process. Final adoption will also need to consider options for the implementation of updated flood mapping in the Planning Scheme, and how this is to be achieved.

CONSULTATION / COMMUNITY ENGAGEMENT

The next step is for the draft Resilience Plan to be presented to the Minister for Environment for endorsement following which it will be released for community consultation for 28 days. The timelines for these actions are currently unknown.

Submissions to the draft Resilience Plan will be considered by DEECA and the Minister for Environment.

RESOURCES / FINANCIAL VIABILITY

Ongoing preparation, consultation and adoption of the Cape to Cape Resilience Plan will have no financial implications for Council.

Implementation of the Resilience Plan's recommendations to address the impacts of climate change and rising sea levels on coastal assets and values will have significant impacts on future Council budgets. It is likely that Council will be unable to fully fund all of the actions currently identified in the Resilience Plan, and that State and/or Federal Government funding assistance will be required to facilitate long-term implementation of the plan. This is especially the case in relation to infrastructure upgrades. The Resilience Plan will assist infrastructure funding applications through the provision of its detailed risk identification and justification. Funding applications are significantly benefitted by studies that provide a high level of strategic justification and support for a project's need.

A benefit of the Resilience Plan and the overarching RaSP supporting technical investigations is an increased understanding of where coastal erosion and flood risks are likely to occur. This will allow Council to avoid making decisions that increase both private and public investment in high risk locations. Avoiding creating more risks will have positive financial implications for Council in the long term.

RISKS

The Resilience Plan identifies few risks that will directly affect land in South Gippsland in the next ten years. After 10 years, the risk profile gradually increases to 2040 when more significant impacts will become evident, based on

the technical investigations and available data. Although we have no immediate risks to address, the technical reports and Resilience Plan highlight the risk of inaction, and the importance of acting now to avoid creating more risk. This includes planning in the short term for what we are likely to require 10–15 years from now. Accordingly, the most significant immediate risk is to take no action.

STAFF DISCLOSURE

All officers involved in the preparation of this report have considered and determined that they do not have a conflict of interest in the matter.

8. URGENT OR OTHER BUSINESS

There are two basic parts to this section of the Agenda:

1. Urgent Business

Normally no motion should be debated by Councillors unless the matter is already included as an item on the Agenda. However, in some circumstances it is possible to raise urgent motions.

Council's Governance Rules 2020 (clause 22 - Urgent Business) adopted on 19 October 2022, allows for where a situation has not been provided for under the Governance Rules, the Council may determine the matter by resolution.

Established practice has provided for urgent motions to be raised at Council provided the matter cannot be dealt with at the next Council Meeting or by Officers under delegation.

It is necessary for the Councillor wishing to raise a matter of urgent business to raise a motion similar to the following:

'That consideration of (the issue) be dealt with as a matter of urgent business and Councillor....be allowed a 'short period' to indicate the reason(s) why the matter should be considered as a matter of urgent business.' If the Chairperson accepts the motion as meeting the urgent business criteria, normal meeting procedures in Council's Governance Rules 2020 (clause 22) will apply.

If the motion to accept the item as a matter of urgent business is passed by Council, the motion relating to the specific issue can then be put and debated in the normal way.

2. Other Business

This provides an opportunity for Councillors to raise items of general interest to the Council and the community. It may relate to an up and coming event or the outcomes of a recent meeting with a Minister etc.

9. PUBLIC QUESTIONS

9.1. PETITIONS AND JOINT LETTERS

Petitions and Joint Letters are written requests that have been signed by a number of community members. According to the *Governance Rules (C82)*, *clause 57*, members of the community may submit a valid petition or joint letter to a Councillor or to Council addressed to the Chief Executive Officer.

At the Meeting a petition or joint letter is presented, Council will consider a motion to receive it, the matter itself will not be considered unless determined as urgent business.

The Councillor presenting the petition or joint letter is responsible for ensuring that they are familiar with the contents and purpose of the petition or joint letter and that it does not contain language disrespectful to Council.

The requirements of the lead petitioner are detailed in the *Governance Rules (C82)*, *clause 57*.

9.2. ANSWERS TO PREVIOUS QUESTIONS ON NOTICE

Answers to previous questions taken on notice at a former Council Meeting, are included in the Minutes of this Meeting.

Background material submitted with a question will not be recorded in the Council Meeting Minutes.

Questions received from Mr John McCombe at the 19 July 2023 Council Meeting were taken on notice. Following consideration of the questions it was determined for one of the questions that in accordance with the Governance Rules clause 56.10 (k) A question may be disallowed by the Chair if the Chair determines that it that relates to confidential information as defined under the Act. The submitter was advised of the response on 14 August 2023.

A response to two questions is provided in this Agenda.

Question 1

Why have 'questions to council' local rules progressively become more restrictive when the opposite approach was clearly the intent of the fundamental change to the LGA 2020?

Response

Council Meeting Public Question time is not required under the *Local Government Act 2020*, but in keeping with Council's commitment to engage with the community it has a generous public question process that allows questions to be submitted right up until the commencement of a Council Meeting.

Question 2

What reason did the Audit Committee have, in 2018, for discussing the IBAC Survey into LG fraud (completed in 2016) - the CEO confirmed it's not a typo and the AC meeting minutes are correct?

Response

The minutes of the Audit & Risk Committee meeting held on the 4 December 2017 are correct. Council's Audit & Risk Committee regularly receives and considers integrity agency reports. Generally, the Independent Broad-Based Ant-Corruption Commission (IBAC) undertakes a survey and releases a report on the perceptions of corruption every two years.

The submitter was advised of the response on 14 August 2023.
