Subject: Re: ROAD NAMING FOR FOSTER

Joanne

This information was given to you in April 2015 and since then I have had computer failure and have lost the information that you require.

The Hendra family have been in Foster since the early 1900s, owning property from the highway through to the lower Franklin road.

Good morning Nola,

Thank you for your correspondence dated the 29 September 2016, in relation to the road names in the Foster area.

Council will proceed with the process to name the road off Elphicks Rd as "STAPLETON ROAD" over the coming months.

In regards to the naming of the small laneway behind the bowls club, Council does not believe this should be named as "Hyland St", due to the fact that the road is only a small unformed laneway, which is not consistent with the formation of Hyland St. Although it may have been historical known as this on old maps, as you can see below from vicnames data base it is only officially named from Court St – Davis St. can you please advise of an alternate name.

Thanks so much
Regards, Joanne
